not only become conspicuous in the secure a universal and highly popular press and pulpit, but it has joined to spect from the condemnation of its gether curious forces. A humorous present enemies. Its friends, too, will paper describes the soler colloquy of a be equally glad to see it protected from wishes to present a cluster which will be set to the set of present a cluster which will be set of present paper describes the sober colloquy of a saloon-keeper and minister over its saloon-keeper and name, it can be easily done. The opal was called by the ancients of was called by the ancients of war of its bad name, has many admirers. Queen Victoria gave to each of her daughters on their marriage an opal, which has in some way broken of her daughters on their marriage an opal, which has in some way broken the spell of bad luck given it by Sir Walter Scott.

Some states the institution has become the subject of crudely drawn legisla the rink has the large majority still in Dakota, there is a continuous series of its defence, and, it doctors and pulpits sessions in the rinks. There are not pronounce against it, there are doctors only morning and afternoon sessions, and pulpits too on the other side. Meantime, in Richmond, Indiana, until midnight and after. Probably the alone, nineteen factories employing a frequenters of the last one are persons the 12th instant. The news is of an vessels.

thousand operatives, are turning out who can well be spared from those daily a vast number of roller skates, which are held at more discreet hours. While in Centreville, Illinois, six new The rage which affects some young while in Centreville, Illinois, six new The rage which affects some young armistice, China to relinquish Tonquin, provements in the rolling gear, or in the body of the skate itself. In spite of adversity, and perhaps on account of it, the rink flourishes; and by a preposed substitution of huckwood for box. posed substitution of huckwood for box wood in this manufacture of the wheels, it is believed that the price of the states, which are now at least six dollars a pair for good ones, may be greatly reduced. Chicago, it is said, uses now six thousand pairs of skates of a single make, and Elmira four thousand pairs of the same, or another favorite style. It would seem, therefore, as if the vio

will probably be attained in due time. It is no argument against churchesremarked the other daybecause it happened that a deacon of one lately ran away with the minister's wife; and, if similar irregularities have occurred at the rink, it is simply because human nature will show itself wherever people are wont to congregate ogether in masses frequently, no mathow good or bad the cause may be which draws them together. The wise way is to see what rules or methods can be adopted to prevent such evils as have happened, and not suppress what is itself, in moderation, a harmless and

delightful exercise and pastime. In pursuance of this idea the repre sentatives of the different rinks in Chicago met at the Grand Pacific Hotel, in that city, a few days since, and organized The Chicago Rollerng Rink Association. One of the speakers, as reported by the Tribune of that city, thought that the more acrious evils complained of "do not exist in Chicago"; but the constitution and by-laws offered were made strong enough to cover what has happened
